Brand New Book ***** Print on Demand *****.Excerpt from The Reason Why, Natural History Giving Reasons for Hundreds of Interesting Facts in Connection With Zoology: And Throwing Light Upon the Peculiar Habits and Instincts of the Various Orders of the Animal Kingdom The series of Popular Information volumes so happily introduced to the great public the general title of The Reason Why, has met, throughout, with such a flattering reception, that the present valuable addition to it, might well present itself sans all preliminaries. Relieved, therefore, from the propitiatory embarrassments common to most prefaces, we feel at liberty to point out that The Reason Why - Natural History differs materially from all other works on the same subject, and will be found to depart very agreeably, in its main characteristics, from that ideal of it which the mind of the reader would naturally set up in advance. In other words, it is not a dry, formal disquisition, on animated nature, (like many useful things, very excellent and very insipid,) but a chatty, sociable, entertaining combination of scientific facts, with illustrative anecdotes, clothed in...
