Severing the Achievement Gap in the Education of Students contains powerful learning activities and successful research-based strategies for the classroom, the school, and the district level. This work is one of several learning outcomes of the SAGES Summer Academy 2006. The SAGES Initiative represents everyone and every effort that justly severs an achievement gap in student education. The heart of the Academy was empowerment. The SAGES Summer Academy provided students with life-changing experiences through the following five components: university exposure, academic goal setting, student empowerment, mentorship and career exploration, and academic enrichment. The attendees learned about life's journey with the various needs, supporters, hindrances, and greatness; saw their society and themselves. In an attempt to let their light shine in society, they shared perspectives and their hearts, heads, and hands collaborating to achieve our goals. All proceeds from this book will go to the Rockwood VICC Foundation to assist the student SAGES with college scholarships, supplies, and supplemental services as they work to fulfill their path and promise.
