# FAILURE MODELS AND CRITERIA FOR FRP UNDER IN-PLANE OR THREE-DIMENSIONAL STRESS STATES INCLUDING SHEAR NON-LINEARITY

Failure Models and Criteria for FRP Under In-Plane or Three-Dimensional Stress States Including Shear Non-Linearity

NASA Technical Reports Server (NTRS), et al., Silvestre T. Pinho

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 72 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. A set of three-dimensional failure criteria for laminated fiber-reinforced composites, denoted LaRC04, is proposed. The criteria are based on physical models for each failure mode and take into consideration non-linear matrix shear behaviour. The model for matrix compressive failure is based on the Mohr-Coulomb criterion and it predicts the fracture angle. Fiber kinking is triggered by an initial fiber misalignment angle...

## Reviews

*Totally one of the better pdf I have at any time read through. It really is simplified but shocks within the 50 % from the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Mariano Spinka**

*Simply no words and phrases to spell out. It can be written in straightforward words and phrases rather than confusing. Your way of life period will likely be converted the instant you complete looking at this ebook.*

-- **Mrs. Leilani Abbott II**

*The book is simple in go through better to understand. It usually will not cost an excessive amount of. You will not feel monotony at any time of your own time (that's what catalogues are for concerning in the event you ask me).*

-- **Taya Johns**
