Reviews

Comprehensive guide! Its this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

Ruby Tuesday Books, United States, 2013. Hardback. Book Condition: New. 258 x 208 mm. Language: English . Brand New Book. Did you know that Earth is zooming around the Sun at about 66,000 miles per hour (107,000 km/h)? Or that Earth's crust is made of giant pieces that fit together like a jigsaw puzzle? And did you know that there are huge mountains under the ocean, and enough salt in the oceans to cover the whole Earth with a salty layer as high as a 50-story building? These and dozens of other fascinating facts provide a perfect high-interest introduction to the planet in the solar system that we call home, Earth. Filled with information perfectly suited to a second-grade audience, this accessible, high-impact book combines solid science, technology, and even math with up-to-the-minute information, odd and often quirky facts, and astounding space and earth photography. It also provides plenty of surprises and teachable moments that will draw young children into a rewarding, kid-friendly reading experience.
