

The Quantum Rules: How the Laws of Physics Explain Love, Success, and Everyday Life

By Kunal K. Das

Skyhorse Publishing. Paperback. Book Condition: new. BRAND NEW, The Quantum Rules: How the Laws of Physics Explain Love, Success, and Everyday Life, Kunal K. Das, Ever wondered why you can't seem to keep your desk tidy? It's quantum physics! No, really! Learn how quantum physics affects your daily life and learn practical ways to put that knowledge to good use! Ever feel guilty that you always seem to seek the easiest and shortest way to accomplish something? And why is it so satisfying to drive along a road hitting every green light as if by magic? The Quantum Rules applies the laws of physics to explain everything from relationships and human nature to the effects of globalization. It achieves the impossible task of making quantum physics deeply relevant to all readers--even those with no interest in science. With a lively and engaging tone, author Kunal K. Das ponders the underlying truths and patterns in our shared and common life experiences, using insights derived from the fundamental laws of physics. In The Quantum Rules, readers will find a fresh new perspective on the human experience, and in the process effortlessly absorb some of the most important laws of physics without facing...

Reviews

Merely no words to explain. I really could comprehend everything out of this published e ebook. I found out this publication from my dad and i suggested this publication to learn.

-- Prof. Margarita Ledner PhD

This written pdf is fantastic. It normally is not going to expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Gilbert Stroman
